Re: *Protecting and Promoting the Open Internet*, GN Docket No. 14-28; *Connect America Fund*, WC Docket 10-90, *Developing a Unified Intercarrier Compensation Regime*, CC Docket No. 01-92

Dear Ms. Monteith:

Pursuant to the Commission's *Open Internet Order*¹, Starbuck Telephone Company ("Starbuck" or the "Company") hereby notifies the Bureau of its intention to cease offering broadband Internet transmission service as a separate component of its broadband Internet access service effective April 1, 2017. As such, broadband Internet transmission will only be furnished as part of a complete broadband Internet access service that the Company provides to its end user customers either through itself or its affiliate.

The Commission made clear in the *Rate of Return Connect American Fund Order*², as well as in its *Clarification Order*³, that a rate-of-return carrier could make such an election with sixty (60) days' notice and thus the revenues associated with the broadband Internet access transmission would no longer be subject to Federal Universal Service contributions.

Starbuck currently provides broadband Internet transmission service as a permissively detariffed Title II service offering which is presently only furnished to the Company's ISP affiliate. The Company has provided notice to its ISP affiliate via an interoffice memorandum of its intention to cease offering broadband Internet transmission service as a separate component of its broadband Internet access service effective April 1, 2017.

³ *Connect America Fund*, WC Docket Nos. 10-90, et al., Order DA 16-661, ¶ 25 (WCB, rel June 15, 2016) (citing the *Open Internet Order*).
